Harrison in Wolfe.

H. H. Harrison, who has been appointed county agent by the Federal government for the counties of Powell, Wolfe and Menefee, with his central office at Stanton, was in town Monday and Tuesday meeting the people and getting acquainted with the conditions and needs of the farmers of Wolfe County. Mr. Harrison is a young man and possesses some good ideas that will be of great value to the farmers of this county. If they are presented to the people The Tribune will lend its influence and space to any work that will upbuild the farming industry or any other industry that is beneficial to the people of this county. — Wolfe County Tribune

To Sail for France Soon.

Word comes from Dr. R. A. Irvin, First Lieutenant now in training at some point in Georgia, that he expects to shortly sail for France. In anticipation of this the ladies of Clay City have knit and sent to him the usual requisites of home knit garments. Packed with these were other necessities and gifts from friends which will tend to hold the kind hearted people here in loving remembrance in the mind of the Doctor.

Negro Official in Lee County.

Jack Spicer, who was sworn in as a coroner Monday, is the first colored man who has ever held an office in Lee County. He is a well to do, and highly respected citizen, besides being a successful farmer, he has from time to time engaged in railroad and other construction work, sometimes having large gangs under his command. — Bentleyville Enterprise

Interesting Subject.

"God's Plan for Woman" will be the Sermon Theme at the United Presbyterian church January 20, 1918, at 11 A. M. Every woman and every man interested in woman are cordially invited to be present at that service.

"Do you attend Sabbath School? A warm welcome will be extended to you each Sabbath at 10 A. M. Jesus at work" is the subject for next Sabbath.

Severely Burned.

Mrs. Dave Withers, of Kimbrell came near burning to death in her home one day last week when her dress caught from an open fire place. Her life was saved only by the presence of mind of her husband who threw her on the bed and wrapped her up in heavy quilts which smothered the flames.

In Front Ranks.

The Clay City Red Cross Chapter is one of only thirty-five in this State reported by the Lake Division News to have organized a Civilian Relief Committee and reported the same.

Back to See the Folks.

Edman Burgher who for some time has been connected with the Government printing office for the Marines at Paris Island, S. C., is visiting home folks and old friends in the city.

To Make Agricultural Survey.

A Complete agricultural survey of the State in connection with the government extension survey will be made by the county school superintendents and the county agricultural agents.

The county school superintendents are working under the supervision of V. O. Gilbert, Superintendent of Public Instruction. Work on the survey will be started January 25 and the county superintendents and county agents hope to have the survey completed by January 28.

Receives Car Load of Fords.

A. T. Whitt, agent for the Universal Ford Cars, has received a car load of machines this week. This shipment was expected last Fall, but failed to arrive until now. Of course there is no demand for automobiles in this county in the Winter, but in the Spring there will be a big demand for them as formerly. Better sign up for a new car now if you want one when the time comes to use it.

Continued Cold Weather.

The continued cold weather remains with us, with habitual snows and the river frozen over. Saturday was pronounced by many as being the coldest day ever witnessed by them, and cold it was for the wind blew hard all day while the thermometer registered zero all the time. While the weather is so extremely Winter, it is a good time to feed stock and the snow is fine on the crops of small grain.

Items Crowded Out.

A great deal of valuable matter is necessarily crowded out this week on account of the publication of the Treasurer's settlement but as this report will furnish more interesting reading than any of the news left out we come to our readers with little apology other than we regret that patriotic circumstances only prevent our being able to enlarge our space for such occasions of printing legal matter.

Interesting Reading.

We call attention to the County Treasurer's settlement published in this issue of the Times. While it only shows for eight of the twelve last months, it furnishes interesting reading, nevertheless. It should be read very closely by every taxpayer in the county.

Sent to The Asylum.

Mrs. Minnie Frazier of Hatton Creek was tried yesterday at Stanton before Judge D. R. Daniel and adjudged to be of unsound mind and sent to the asylum at Lexington. Sheriff William Garrett and Deputy Sheriff Jas. G. Rogers will take her to Lexington today.

Sent to Feeble-minded Institute.

Ida Meems Hudder an eight year old, orphan child was tried before Judge Daniel Tuesday and found to be of feeble mind and was sent to the Feeble Minded institute at Frankfort, whither she was taken Wednesday by the Sheriff and his deputy.

What We Want And Need.

The ratification of the national Prohibition amendment by the Kentucky Legislature so quickly is very gratifying to the good people of the State. It is hopeful for a better day. It looks like National Prohibition.

By removing liquor from Powell county it decreased the drunk habit of our people fully 50 per cent. by removing it from the adjoining counties; it has taken off at least 25 per cent more. We calculate that by removing it from the state it will get 12 1/2 per cent more, and that by removing it from the nation it will get it all. That is what we want and need.

Severely Burned.

While working in the Furnace oil field, George McPherson was painfully burned about the feet and legs, and his clothing was almost totally burned from his body. He barely escaped with his life when he was trapped in a burning building which he was occupying as sleeping quarters. His many friends are gratified to know his injuries are not fatal and wish for him a speedy recovery.

H. M. Curtis and wife were called to Ravenna Monday to see their daughter, Mrs. Vada Blevins, who is suffering with a complication of diseases and is not expected to recover.

Preston Johnson, of Knowlton Kentucky, visited his brother, William Johnson, this week, while here bought \$500, pair mules from John Tipton.

Miss Pearl Phillips, one of the obliging assistants at the postoffice, is back again after several days absence owing to a very sore arm from vaccination.

Dr. J. E. Goodwin, the dentist, will be in Clay City on or about February 5 to do dental work and will remain several days.

Miss Myrtle Hart, of Louisville is visiting at the home of the Rev. L. F. Martin.

Mr. and Mrs. Curtis Bowman are visiting relatives in Wolfe and Owsley counties.

Hargett

Mr. Earl King, who has been working in Bourbon county, is at home for a few days.

Mrs. David Withers was badly burned last Sunday from her clothing catching fire from a stove.

Mrs. Omnia Neal, of Ravenna, visited her brothers, H. B. and L. B. McIntosh of this place last week.

H. B. McIntosh sold to Judge Riddell, of Irvine, ancient Grandfather clock said to be about 200 years old for \$40.00.

Married, January 10, at the residence of the bride's mother Mrs. Maggie Embs, Miss Vera Embs to Willis Stone, Squire W. G. Patrick officiating.

Mr. Page of the Page Lumber Co., of Lexington, Ky., is preparing to saw a boundary of timber they purchased of J. B. Wiseman and James Hays.

STANTON.

(By P. O. Derthick.)

Mrs. Margaret Vance and Mabel Eastin left Tuesday for Lexington to visit.

Elmer Morton is home from Middletown, Ohio visiting his parents this week.

Jonett Boone is out again after a severe siege with diphtheria and pneumonia.

Vera and Pearl Jones, from Middletown, O., are visiting their many friends and relatives.

Mrs. Joseph Cuff has suffered terribly the past week with gall stones, but is about the house again.

Fred Blackburn has returned from Louisville where he spent several days in the interest of agriculture.

James Martin has moved his family back to the farm and the new jailer, M. Howell, has moved his family into the jail.

Bill Holmes has had a very bad time with his hand, having cut it with a knife and blood poison set in. It is much better at this writing.

Little Anna Jean Blackburn, the daughter of Mr. and Mrs. Fred Blackburn, has been quite sick with stomach trouble but is thought to be out of danger now.

Lee Jackson, who has been visiting his friends and relatives here for several weeks, expects to return to Louisville next week. His wife and son will remain a little longer.

Dr. J. E. Lemming leaves Tuesday of this week for Jacksonville, Florida and other points in that state. The Doctor may buy him a farm while there and make that his home.

The Powell County Deposit Bank, has made a 10 per cent dividend payment to its stockholders. This makes two 10 per cent dividends that has been paid this past year and shows the splendid work that our Bank is doing.

Daddy Clark will have moved his family back to Stanton by the time this paper comes out. They will live over the Bank till Butler Barnes moves off at the expiration of his lease. Their many friends are glad to see them back again.

Dudley Cudill has been quite sick with tonsillitis and may have to have an operation before he will get relief. He is unable to get away from home, though he did come over last Saturday to see that the teachers got their pay.

The writer and his family were invited out to the home of Mr. and Mrs. Nelson Blount where they partook of a bountiful dinner. The table was loaded down with good things to eat such as you find on a farm and cannot get in a town.

We see by the Courier Journal that Teddy Hardwick, son of Judge and Mrs. J. H. Hardwick, of Winchester, had the misfortune to fall on the ice while skating and broke a leg. He had just recovered from an accidental shot in the leg and is certainly having a hard time and his many friends

Breaks Leg While Skating.

Teddy Hardwick, young son of Judge and Mrs. J. H. Hardwick fell while skating on the ice at the pond of D. L. Pendleton's place Sunday and broke his right leg above the ankle. Kenneth Lowry, a playmate, assisted him to shelter, and he later was taken to the home of his parents. He was attended by Dr. Ishmael, and is doing nicely.

The young man had recently recovered from an injury sustained when he accidentally shot himself in the finger. — Winchester Democrat.

here hope that he will soon be well again.

Miss Mabel Ewen, the beautiful and talented daughter of Mr. and Mrs. J. S. Ewen, and who has been teaching school at Columbia, Ky., surprised her parents and many friends by sending in an announcement of her marriage to George Herford some time before Christmas. He is a merchant of that town. Mabel visited home folks over Christmas and even then did not tell anybody that she was married. If she got as fine a husband as she is a young lady, she has been mighty lucky. Here's congratulations to them.

Sam Boone, of Winchester, spent twelve days working on the boiler at the College, getting it repaired, and, by working all night Monday, the building was ready Tuesday morning. Every pipe in the building was frozen tight with ice in them and most of them had bursted. It was a tremendous undertaking he and Guy Frazier had before them. With Guy as janitor now things will go long more smoothly. Guy expects his wife here some time next week as her school is out Friday of this week. They will make their home here for the coming year.

The many friends of Prohibition will rejoice that Kentucky Legislature passed the National Prohibition amendment Monday of this week by an overwhelming majority. We were in hopes that Kentucky would be the first state in the Union to pass this amendment as she was the greatest whisky state, but Mississippi was the first. Her Legislature passed it within 15 minutes after it came up. My! but how the Courier Journal will howl and rage over the passage of this amendment. We congratulate our editor that he is using his paper with such force in behalf of Prohibition.

CARDUI The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . .," writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

Rid of the Torment of Rheumatism

"Send me Foley Kidney Pills. I am badly done up with rheumatism and they are the only thing that help me." A. J. Walsh, Sneffels, Colo.

Rheumatism is stubborn as a mule—it hangs on like a leech—wears out your strength—worries you with pain—drains on your vitality—depresses your mind—affects your health!

Don't let it hang on you! Don't give up to it! Don't overlook Foley Kidney Pills! For they work directly on the kidneys—tone up and strengthen them to the perfect action that keeps uric acid out of the blood, and clears away the cause of rheumatism, lumbago and stiff, swollen, aching joints. Begin now, today, and soon you will again be active and free from pain. Mr. Walsh winds up his letter to us by saying: "I consider Foley Kidney Pills the best I have ever used, and I have tried several different remedies." Your druggist sells them.

I, E. H. Fuller, Treasurer of Powell County Ky., do solemnly swear that the above is a true statement of the receipts and disbursements by me as treasurer, to the best of my knowledge and belief.

A systematic study of plant diseases which attack the various crops and vegetables has never been made for the state of Kentucky. Losses to crops due to parasitic plant disease amount to hundreds of thousands of dollars each year in the state. This loss ought to be reduced to the minimum.

The Department of Botany, of the University of Kentucky, plans, in cooperation with the Bureau of Plant Industry of the U. S. Department of Agriculture to make a very thorough survey this year in the state.

Foley's Honey and Tar for This!

Stops La Grippe Coughs!

The quickest and simplest way to stop an ugly, hard, la grippe cough is to take

Foley's Honey and Tar

In it, you get the curative influence of the pine balsam (so beneficial for inflamed bronchial tubes and sore chest) and other healing ingredients, together with the mollifying laxative action of honey.

It covers and sheathes the inflamed surfaces of the throat, puts an end to the hard, racking cough, stops tickling and hoarseness.

Bedford, Ind., F. G. Prevo writes: "Two bottles of Foley's Honey and Tar cured me of a severe cough following an attack of la grippe."
